Purpose

What is the reason for the existence of this document? What process does it describe?

Scope

The boundaries of the description including what it covers and its limitations such as specific things which must be made clear that it does not address.

Introduction

This is to be kept brief to provide a summary – It is often not used if Purpose and Scope have been included.

Related Information

This could be regulatory references or other information which will be required by whoever will carry out the process (the operator) as described.
